

Ninja Ceiling Fastening Tool

Features and Benefits

- Low noise even in fractured concrete.
- Heavy duty shank for higher holding strengths.
- Lightest ceiling tool weighing under 3-1/2 lbs.
- No recoil, reduces operator fatigue.
- No piston to wear or break.
- Non-slip rubber grip makes it comfortable and non-conductive.
- Tool & pin ensure straight driving penetration into work surface.
- Unique power venting system prevents overdrive.
- Slim profile tool design allows for threaded rod, pencil rod and wire to hang straight down while fastening in tight areas.
- Uses standard PATMI .22 cal straight wall powder loads.
- Total weight of 12' pole and Ninja tool only 7-1/2 lbs.
