AA44BBULK			0.4"	-	-	10000
AA44B1000			0.4"	-	1000	20000

TEE-LOCATOR (Item# TL)

Instructions for use:

- TEE-LOCATOR is designed to be used with either 9/16" or 15/16" gridwork (Fig. 1).
- Place the TEE-LOCATOR as shown in Fig. 2 or 3. The magnets will ensure that it sticks to the Gridwork. Be sure that the long leg is pointed to the wall to ensure it is at a 90 degree angle.
- The Cross-Tee will now be square to the wall and you can punch a hole through the Wall Angle and Cross-Tee before fastening it in place with a rivet.
- Remove TEE-LOCATOR from the Grid.

RIVETERS

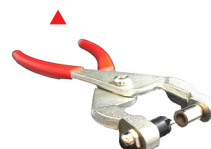

HR-702
Hand Riveter (In 2 jaws)

HR-705
Hand Riveter (In 2 jaws)
(up to 3/16" for all material)

HR-708
Hand Riveter (In 3 jaws)
(up to 3/16" for all material)

PPK HD Punch Plier
